### PROFESSIONAL SUMMARY

---

Graphic designer with 5 years of experience in digital content, gaming and esports, including work for Ilha das Lendas, Baiano and Omelete Company. Creates YouTube thumbnails, promotional posters, visual identities and assets for campaigns and broadcasts. Experienced in live-event design support, client communication and project delivery from brief to final artwork. Also provides video editing services.

### SELECTED EXPERIENCE

---

#### Lead Graphic Designer | Ilha das Lendas & Baiano

2021 - 2025 | Independent contractor

- Led design production and visual identity decisions for YouTube, Instagram, Twitter/X and other digital channels.
- Created thumbnails and promotional artwork for esports tournaments, plus visual identities for broadcasts, recurring shows and seasons.

#### Jr. Graphic Designer | Omelete Company

Jul 2023 - Dec 2024

- Created art guides, graphic assets and final artwork for digital and offline campaigns in collaboration with internal teams.
- Produced YouTube thumbnails and posts; provided on-site graphic design support for real-time demands at esports events at CCXP Brazil.

#### Founder & Graphic Designer | Jonathan BeDesign

2023 - Present | Remote

- Directed and delivered branding and visual identity projects from brief to final assets, managing client communication throughout the process.
- Coordinated specialists for custom typography and logo deliverables; organized production workflows and used generative AI for concept exploration.

#### Graphic Designer | Freelance Projects

2022 - Present

- Created visual identities and graphic packages for gaming and esports creators, including YouTube channel management for selected clients.

### SKILLS

---

**Design & content:** YouTube thumbnails, promotional posters, visual identity, social media assets, creative direction and channel visual management.

**Tools:** Adobe Photoshop, Illustrator, Premiere Pro, After Effects and Figma. Generative AI for ideation and visual production.
